

## List of Posters

| Sr. No. | Title   | Author(s)  | P. No. |
|---------|---|--|--------|
| RV1     | Implementation of QBD to analytical method development                            | <u>Nayana Narawade</u> , Jyotsna Jadhav                      | 9      |
| RV2     | Implementation of quality by design (QBD) paradigm for pharmaceutical development | <u>Kare Pallavi</u> , Bhusare Snehal                         | 9      |
| RV3     | Supergenerics: the new perspective of innovation                                  | <u>Bhor Neha Jalindra</u> , Patil Sumedha Ramchandra         | 10     |
| RV4     | Recent advances in pharmacy :Six sigma approach                                   | <u>Jyotsna Balasaheb Jadhav</u>                              | 10     |
| RV5     | Resolution of racemic mixture   | <u>Gorade S.R</u> , Kumbhare M.R.                            | 11     |
| RV6     | Molecular docking   | <u>Sonali Shinde</u> , Sachin Bhosale                        | 11     |
| RV7     | Mouth dissolving tablets  | <u>Reena Ashok Patel</u> , Saptarshi Dutta.                  | 11-12  |
| RV8     | Nutraceuticals drug interactions  | <u>Karan A. Shirsat</u> , Pratik R. Habde, A R. Surana       | 12     |
| RV9     | Review on recent advances in polymorphism   | <u>Aher Supriya M</u> , Dighe Pravin R                       | 12     |
| RV10    | Advances in UPLC technique & future perspective                                   | <u>D.Ranwade</u> , P.P. Dahivelkar                           | 13     |
| RV11    | Molecular modelling: an upcoming approach   | <u>Kundan Tiwari</u> ,                                       | 13     |
| RV12    | Colon targeted drug delivery system   | <u>Vishal D. Chaudhari</u> , V.R. Mahajan                    | 13-14  |
| RV13    | Review on <i>in vitro</i> fertilization   | <u>Rohit Jadhav</u> , Mrunmayee Sonawane, Saptarshi S Dutta  | 14     |
| RV14    | SLN as an carrier for NDDS and its recent advancements                            | <u>Amol R. Katore</u> , T.D. Saindane                        | 14-15  |
| RV15    | Ultrasound extraction – a promising extraction technique for natural products     | <u>Umesh K. Sabale</u> , Vishal B. Revagade, M. R. Kalantri. | 15     |
| RV16    | Review on Liquisolid compacts   | <u>Nutan V. Dongre</u>                                       | 15     |
| RV17    | Review on 3d Qsar models: A new approach  | <u>Kanchan M. Khedkar</u>                                    | 16     |
| RV18    | Application of structure drawing software   | <u>Revagade V.B.</u> , Bhosale S.K                           | 16     |
| RV19    | Review on Pulsatile delivery  | <u>Ravindranath Misal</u>                                    | 16-17  |
| RV20    | Parenteral controlled drug delivery system  | <u>A. D.Ikhanekar</u> , A. P. Gowardhane, S. S. Shinde.      | 17     |
| RV21    | Tridax procumbens: A medicinal gift of nature                                     | <u>Sujit S. Kale</u> , Sachin R. Kochar                      | 17     |
| RV 22   | “Pyrimidine heterocycles”- a review   | <u>Nilesh V. Kadam</u> , Sandeep Shinde, Sachin Shinde.      | 18     |
| RV23    | Pharmaceutical cosmetics  | <u>Vijay R. Mahajan</u> , Priyanka M. Galhotra               | 18     |
| RV24    | Anti-wrinkle preparations   | <u>Maitreyi B. Bhosale</u> , Vijay R. Mahajan                | 18-19  |
| RV25    | Role of bioinformatics: a key role in drug designing and development              | <u>Gedam S. S.</u> , Shahahre H. V. <sup>2</sup>             | 19     |

|             |   |  |       |
|-------------|---|--|-------|
| <b>RV26</b> | Pharmacovigilance   | <u>Kukade S., Morankar P. G.</u>   | 20    |
| <b>RV27</b> | Importance of herbal drugs in cancer  | <u>Sneha Balkawade, Pravin Morankar</u>  | 20    |
| <b>RS1</b>  | Design, synthesis, characterization and pharmacological evaluation of some nitric oxide releasing anti-inflammatory compounds                                       | <u>Amruta R. Nikam, Dr. Anwar R. Shaikh, Dr. Prashant Naik, Amruta Sonje, Deepika Wable.</u>           | 21    |
| <b>RS2</b>  | Predicting the benzothiazole derivatives as anti-tumor agent using 2d and 3d (k-nearest neighbor method) analysis   | <u>Imadul Islam, Malik Amber, Momin Ziyaul Haque, Shaikh A.R.</u>                                      | 21    |
| <b>RS3</b>  | Predicting ccr5 antagonist as anti-hiv-1 agent using 3d qsar (KNN-MFA method)   | <u>Malik Amber, Imadul Islam, Momin Ziyaul Haque, Shaikh A.R</u>                                       | 22    |
| <b>RS4</b>  | Design, synthesis, characterization and pharmacological evaluation of <i>in-vitro</i> cytotoxic activity of novel copper complexes of substituted 1h-benzimidazoles | <u>Ashwini H. Pagare, Vikas C. Nathe, Rani S. Kankate, Dinesh D. Rishipathak, Rajendra S. Niphade.</u> | 22    |
| <b>RS5</b>  | Microwave assisted synthesis and pharmacological evaluation of few 1,2,4-triazole derivative  | <u>Kamlesh V. Patil, Kanchan Somase, Trupti Jadhav, Dr. Dinesh D. Rishipathak</u>                      | 23    |
| <b>RS6</b>  | Design, synthesis and biological evaluation of 4-thiazolidinone derivatives of substituted thiazazole   | <u>S. S. Ugalmugale, R. S. Aher, R. B. Ghuge, A. R. Shaikh</u>   | 23    |
| <b>RS7</b>  | Pharmacognostic and preliminary phytochemical investigation of <i>Cordia dichotoma</i> bark   | <u>P. A. Patil, M. R. Kalantri, A. R. Surana</u>   | 24    |
| <b>RS8</b>  | Synthesis, characterization and antimicrobial activity of some aldimine derivatives   | <u>Shahare H. V., Amrutkar R. D.<sup>2</sup>, Kapse S. N.<sup>2</sup></u>                              | 24    |
| <b>RS9</b>  | Formulation development and evaluation of mouth dissolving tablets by spray drying  | <u>Vandana R. Daga, Nayana S. Baste.</u>   | 24-25 |
| <b>RS10</b> | Controlled release ambroxol hydrochloride microspheres: effects of formulation parameters   | <u>Nayana S. Baste, Charulata T. Nemade, Vandana R. Daga.</u>  | 25    |
| <b>RS11</b> | Synthesis, characterization and anticancer screening of delavayin a: a cyclic peptide   | <u>N. V. Shinde, A. S. Dhake and K. P. Haval.</u>  | 25    |
| <b>RS12</b> | Anti-inflammatory and antioxidant activity of stems of <i>Ixora coccinea</i> linn.  | <u>Surana A. R., Wagh R. D.</u>  | 26    |
| <b>RS13</b> | Development and evaluation of polyherbal formulation for anti-inflammatory activity   | <u>M. R. Kalantri, A. R. Surana</u>  | 26    |
| <b>RS14</b> | Formulation of herbal ink: safe, easy and ecofriendly alternative   | <u>R. R. Gugale, C. T. Nemade, N. S. Baste.</u>  | 26-27 |
| <b>RS15</b> | Pharmacognostic investigation of curry leaves.  | <u>A. D. Tipale, K. R. Shivade, A. R. Surana</u>   | 27    |
| <b>RS16</b> | synthesis of thieno[2,3- <i>d</i> ]pyrimidine and thieno[3,2- <i>e</i> ]pyridines and thieno[2,3- <i>d</i> ][1,3]oxazine derivatives                                | <u>Raghunath B. Toche, S. M. Chavan</u>  | 27-28 |
